Message from Director

“Dream it, Wish it, Do it.” SIFS INDIA Forensic Laboratory is a new generation investigation team that understands the requirements of the growing problems of financial fraud in all kind of industries and is geared up for training and preparing high quality forensic professionals to fulfil the future needs of these stakeholders. When, I started the company it was a great challenge for me to develop and provide a platform which would allow equality for all participants. Platforms are

all built on the philosophy which will give you the light of hope and that however or whoever comes forward the opportunities to succeed are equal for all.

During the last 12 Years SIFS INDIA have witnessed a phenomenal change in the market and opportunities for Professional Forensic Services and the projected future demand indicates a similar increase in opportunities. Budding forensic professionals, once trained, have to seamlessly adapt and leverage this dynamism to the benefit of the organizations they serve. A successfully trained forensic professional ought to be capable of identifying future trends and opportunities beyond current boundaries and develop a strategic vision on the grounding of in depth-knowledge and professional acumen. The era of modern scientific Forensic Investigation has proffered the demand for “Excellence in Performance” correctly relegating mediocrity and inefficiency to the past.

Turning out “A confident, competent, dynamic and innovative” forensic professional is what we consistently strive for at SIFS INDIA Pvt. Ltd. With this focus, we endeavour to provide a multidisciplinary approach to harness, develop and channel the latent potential of our budding forensic professionals for the cohesion and well-being of society making education and investigation valuable and more meaningful.

A highly qualified, trained and motivated core team of professionals in conjunction with eminent professionals, both Indian and foreign, from industry and academia ensures the effective development, sharpening and honing of our “would be forensic professionals”.

I am confident that our highly trained “Astute Forensic Professionals” will prove themselves to be indispensable assets of society in general and legal financial industry specifically. I highly endorse the principle “Never give up doing the job that you're passionate about.”

“In order to achieve a safe and secure totality of surrounding conditions for all the people with integrity, render a responsible and effective service of high quality which is accessible to every person”

Dr. Ranjeet Kr. Singh
Ph.D, M. Sc.
